LAMINATE SELECTION WAIVER FORM

Counter Pro, Inc. has manufactured counter tops using all of the major laminate companies' materials including Formica®, Nevamar®, Pionite®, and Wilsonart®. They design their line to accommodate a range of their markets and continue to manufacture laminate colors in both dark solids in matte/suede finish and high gloss finish.

◇ **Dark Solid Colors** tend to show more wear. Although darks solids are more dramatic and add contrast, they tend to show scratches and wear soon and we do not recommend them for kitchen counter tops or high wear locations.

◇ **Gloss Finish** is appropriate for bathroom vanity counter tops ONLY. In more active areas such as kitchens, it is not recommended. (Scratching, fingerprints, etc. are highly visible).

It is our opinion based on years of manufacturing, that these color laminates can be difficult to work with; without showing some scratches or defects. We recommend that our clients and their customer be aware of the nature of these products, prior to ordering their countertops.

WAIVER

I/We, the undersigned, understand that gloss finishes and dark solids will show scratches and reveal limitations of the substrate. These imperfections are beyond Counter Pro, Inc.'s control. No claims or adjustments will be made or accepted.

Color Name, Number & Finish _____
