Please see "Offset Mitre Pricing and Information" page for the specifics and benefits of offset mitres

PRICING GUIDE

<u>Loose</u>	<u>Assembled</u>
\$60.00	\$80.00

NOTES AND INFORMATION

BUTT JOINTS

For tops over 144"

Seams are recommended away from sink cut outs

PRICING GUIDE

<u>Loose</u>	<u>Assembled</u>
\$28.00	\$58.00

ORDERING AND INSTALLING GUIDELINES

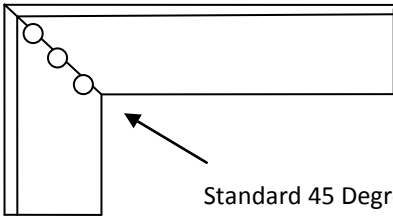

Mitres and butt joints should be away from sink area. Water and/or moisture damage is not covered under warranty.

Always use water resistant wood glue, in addition to bolts, when assembling mitres and butt joints.

Postform counter tops have their limitations—postform might not be suitable for all kitchen layouts.

POSTFORM MITRES & BUTT JOINTS INFORMATION

OFFSET MITRE JOINTS PRICING AND INFORMATION
FOR POSTFORM FLAT DECK, CUSTOM SQUARE EDGE, WOOD EDGE AND BEVEL EDGE TOPS

Loose: \$60.00

Assembled: \$80.00

The offset mitre joint specifically designed for use with Postform "Flat Deck", Custom Square Edge, Wood Edge and Bevel Edge tops has the following benefits:

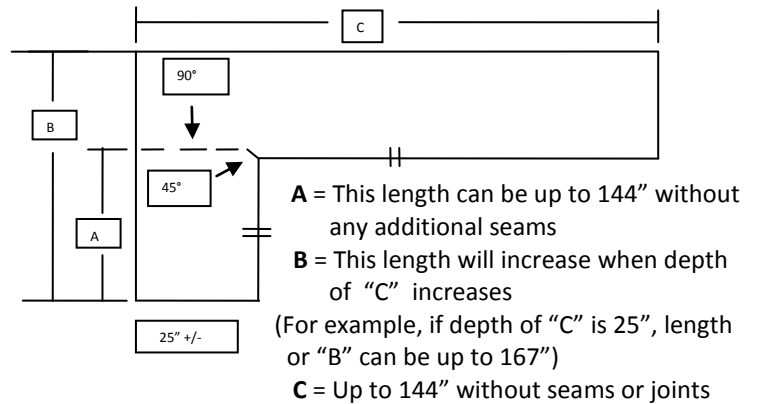

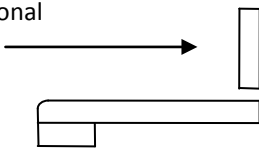

- Easy to assemble
- Shorter seam length
- Allows for longer lengths without additional joints
- Can be left or right
- Can be loose or assembled

SPECIAL NOTES:

- When ordering, always provide the back wall dimension and specify "Offset Mitre".
- **IMPORTANT: CANNOT BE USED WITH INTEGRAL BACKSPLASH COUNTER TOPS!**
- Cannot be used for finished bar top to bar top

Example 1: Flat Deck L-Shaped Kitchen

E-2000 Flat Deck with optional loose custom backsplash

Example 2: L-Shaped and U-Shaped Flat Deck Kitchen with Peninsula Top
