Moisture Resistant Board

Hartson-Kennedy offers a variety of moisture resistant options in our countertop cores. All Hartson-Kennedy custom built tops feature moisture resistant build down to help ensure your new tops last. You can also order tops with the entire core built of Hartson-Kennedy specific moisture resistant particle board or solid wood builddown.

The ideal solution for:

- Dishwasher steam
- Intermittent water contact
- High humidity

The "moisture resistant" build-down strip is available in the following quality countertop styles:

- Ultra-Top No-Drip
- Ultra-Top Waterfall
- Dura-Top
- Diamond-Top
- Colonial Wood Top

Ask your Hartson-Kennedy dealer for more information regarding the benefits of Hartson-Kennedy MR board.
